

Send out a professional image

DM50/55™ digital franking machine
Convenient wherever your office is

Manage all your mailing needs with our new desktop mailing system

The DM50/55 Series digital franking machine with built-in scale is ideal for the small business or home office that sends upwards of five letters or parcels per day. It will give you the exact postage every time, as well as providing the convenience, efficiency and savings associated with franked mail.

Savings

Using a franking machine qualifies you for Royal Mail postage discounts. Plus the 2.5kg integrated scale will automatically calculate the exact postage, and could represent savings of up to 20%.

Convenience

Refill postage in one easy step with , no more trips to the Post Office to buy stamps.

Efficiency

Update postage rates automatically whenever they change and download envelope messaging with Pitney Bowes unique IntelliLink® software.

Promotion

Advertise your company on every envelope, instantly giving your business a professional image. You can create your own messages using the text entry facility (DM55 only) or download custom made envelope messaging.

Product benefits

Integrated scale calculates the correct postage – never guess or overpay again

Avoid time consuming trips to buy stamps and frank mail from your office, 24 hours a day

Access all Royal Mail UK and overseas postage rates at the touch of a button

Project a professional image for your business with five pre-loaded envelope messaging included

Postage funds remain secure, protected by a PIN code

Prints postage for all envelope and package sizes

Optional features*

Accounting facility to allow you to track postage by department

Date and time stamp incoming mail

Text entry, add personalised messages to every letter

Manual weight entry, enter common weights for exact postage costs

*Additional charge will apply
